TOOL | THE COLLABORATION SPECTRUM

The word ‘collaboration’ can be interpreted in several ways. There is a continuum of different collaborative approaches. As groups move along the continuum they must pay attention to activities that build trust amongst the partners. Collective Impact efforts exist within the stages of the collaboration continuum that include coordination of efforts, collaboration amongst partners and the integration of services and programs. While distinguishes Collective Impact as a form of collaboration is its unique emphasis on: the use of shared data; and, its focus on working together across multiple sectors.
